[Maupin Park](#) , you should really consider getting a petition signed and get this idiot Rob Miles of Imperial River Company off the river. One, you should not be able to cut down an Osprey Nest for financial gain and 2 Maupin doesn't need a trailer park. What are you all thinking or maybe you aren't?? This idiot needs to be ran out of town!!!!

After promising everyone he wouldn't cut down the osprey nest to put in his new trailer park, Rob Miles of Imperial River Company waited until BOTH Osprey had returned for the spring to cut down the largest nesting site on our stretch of river. Pretty sad to see them flying around aimlessly looking for their home, this was absolutely unnecessary. Give him a call at 541-395-2404 if you'd like to leave some feedback. *UPDATE* the nesting site is being replaced, so while that's a good thing I'm keeping this post up. He won't get any kudos from me for how this went down.
